CHAPTER 11.

An Act to provide, during Twelve Months, for the Discipline and Regulation of the Army and the Air Force.

[13th April 1933.]

WHEREAS the raising or keeping of a standing army within the United Kingdom, in time of peace, unless it be with the consent of Parliament, is against law :

And whereas it is adjudged necessary by His Majesty and this present Parliament that a body of land forces should be continued for the safety of the United Kingdom and the defence of the possessions of His Majesty's Crown and that the whole number of such forces should consist of one hundred and forty-eight thousand seven hundred, including those to be employed at the depots in the United Kingdom for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within His Majesty's Indian possessions, other than Aden :

And whereas under the Air Force (Constitution) Act, 1917, His Majesty is entitled to raise and maintain the air force, and it is judged necessary that the whole number of such force should consist of thirty-one thousand, including those employed as aforesaid, but exclusive of the numbers serving as aforesaid : 7 & 8 Geo. 5, c. 51.

And whereas it is also judged necessary for the safety of the United Kingdom and the defence of the possessions of this realm that a body of Royal Marine forces should be employed in His Majesty's fleet and naval service under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral aforesaid :

And whereas the said marine forces may frequently be quartered or be on shore, or sent to do duty or be on board transport ships or vessels, merchant ships or vessels, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the Government of His Majesty's forces by sea :

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm ; yet nevertheless, it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law or to the Air Force Act, in their duty, that an exact discipline be observed and that persons belonging to the said forces who mutiny, or stir up sedition, or desert His Majesty's service, or are guilty of crimes and offences to the prejudice of good order and military or air force discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow:

And whereas the Army Act and the Air Force Act will expire in the year one thousand nine hundred and thirty-three on the following days:—

(a) In Great Britain and Northern Ireland, the Channel Islands, and the Isle of Man, on the thirtieth day of April; and

(b) Elsewhere, whether within or without His Majesty's dominions, on the thirty-first day of July:

BE IT THEREFORE enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Short title. 1. This Act may be cited as the Army and Air Force (Annual) Act, 1933.

Army Act and Air Force Act to be in force for specified times. 2. (1) The Army Act and the Air Force Act shall be and remain in force during the periods hereinafter mentioned, and no longer, unless otherwise provided by Parliament, that is to say:—

(2) The Army Act and the Air Force Act, while in force, shall apply to persons subject to military law or to the Air Force Act, as the case may be, whether within or without His Majesty's dominions.

(3) A person subject to military law or to the Air Force Act shall not be exempted from the provisions of the Army Act or Air Force Act by reason only that the number of the forces for the time being in the service of His Majesty, exclusive of the marine forces, is either greater or less than the numbers heretofore mentioned.

Prices in respect of billeting. 3. There shall be paid to the keeper of a victualling house for the accommodation provided by him in pursuance of the Army Act or the Air Force Act the prices specified in the Schedule to this Act.

For the purposes of this section, the relative rank of members of different forces shall be such as may be provided by regulations made as aforesaid."

No. 54.—

In exercise of the powers conferred by Fundamental Rule 44 and in pursuance of the provisions of Fundamental Rule 5, the Governor in Council and the Governor acting with the Ministers hereby direct that the following amendments be made to the Madras Travelling Allowance Rules :—

AMENDMENTS.

Rule 25.—Substitute the following for the first sub-paragraph of rule 25 :—

"When a journey is performed by motor car or by a regular public motor service between two places connected by a railway, the charge should ordinarily be limited to what would have been admissible had the Government servant travelled by rail. In exceptional cases, the controlling authority may in respect of a journey by motor car (and not by a regular public motor service) sanction the grant of road mileage as under rule 24 (b), if it is shown that any public interest has been served by the journey by road."

Rule 25 A.—Substitute the following for the first two sentences of rule 25 A :—

"When a journey is performed by motor car or by a regular public motor service between places connected partly by railway and partly by road, the charge should ordinarily be limited to what would have been admissible had the Government servant performed the journey by rail and road subject, in the case of a Government servant in grade V or below, to the restrictions in rule 25 B in respect of journeys between places connected by a regular public motor service. In exceptional cases where a journey is performed entirely by road between two such places, the controlling authority may in respect of a journey by motor car (and not by a regular public motor service) sanction the grant of road mileage as under rule 24 (b), if it is shown that any public interest (such as the saving of public time or inspection *en route*) has been served by the journey by road."

Rule 25 B.—For the words "When a journey is performed by a Government servant of grade V or below between two places connected by a regular public motor service he shall draw mileage" occurring in clause (1) of rule 25 B, *substitute* the following :—

"When a journey is performed by a Government servant of grade V or below between two places unconnected by railway and connected by a regular public motor service in whole or in part, he shall draw mileage for the portion connected by the service."

Fort St. George, May 19, 1933
(G.O. No. 414, Finance).

No. 56.—In modification of G.O. No. 736, Finance, dated the 20th November 1930, Government direct that, with effect from 17th February 1933, the rates of passage allowance admissible to Government servants and non-officials, who are granted passages between Great Britain and any port in India proper at Government expense and are allowed to make their own arrangements for such passages, shall be as follows :—

Between Great Britain and any port in India proper—

	£
First class	50
Second class	35

Fort St. George, May 25, 1933
(G.O. No. 432, Finance).

No. 57.—Representations have been made by some Government servants affected by the revision of Presidency allowances in G.O. No. 883, Finance dated 13th October 1932, praying for the restoration of the rates of the allowance drawn by them prior to the revision and for the continuance of the allowance at the same rates to those who are living outside Madras City, but are holding posts in the City.

2. The Government have carefully considered these representations, but are unable to revert, as a permanent measure, to the system and rates of Presidency allowance as they existed before the 1st October 1932. They, however, recognize that the revised system of Presidency allowances was introduced at very short notice, and that Government servants who were in receipt of the old rates of the allowance had probably too little time to adjust their scale of expenditure and style of living to the new conditions, and that this fact coupled with the emergency cut in pay, has caused hardship.

3. In view of these considerations, the Government are pleased to direct that a Government servant the minimum pay of whose time-scale or whose graded or fixed pay was Rs. 60 or less and who was drawing a Presidency allowance on the 30th September 1932, which was reduced by 50 per cent or more by the operation of G.O. No. 768, Finance, dated the 18th October 1932, may, in lieu of the allowance sanctioned in that Government Order, draw from the 1st October 1932 to the 31st March 1933 an allowance equal to 50 per cent of the Presidency allowance as it existed prior to the percentage reduction ordered in G.O. No. 612, Finance, dated the 29th September 1931.

This concession will also apply to those among the officers specified above, who were residing outside Madras City on 30th September 1932, and who in consequence ceased to be eligible for any Presidency allowance after that date.

4. The concession in paragraph 3 above will not be admissible to the following classes of Government servants :—

(i) those occupying free of rent quarters either built or rented for them or had been granted house-rent allowances in lieu thereof, and

(ii) those belonging to the Police department in respect of whom orders have issued separately.

5. The Government wish to emphasize the fact that these concessions are granted solely to enable Government servants to adjust their expenditure to the new conditions and that they will not be continued beyond the 31st March 1933, after which date the emergency cut in pay has been removed.

S. A. VENKATARAMAN,
Deputy Secretary to Government.

NOTIFICATION.

Fort St. George, May 8, 1933
[*G O. No. 1889, Law (General)*].

No. 419.—

The following draft of certain rules for the regulation of cinematograph exhibitions in the Presidency of Madras which the Governor in Council proposes to make in exercise of the powers conferred by section 8 of the Cinematograph Act, 1918 (II of 1918) and in supersession of all previous rules on the subject is hereby published for general information. Notice is hereby given that the draft will be taken into consideration after the expiry of six weeks from the date of publication of this notification and that any objection or suggestion which may be received with respect thereto before the expiry of the period aforesaid will be considered by the Governor in Council.

PART I—GENERAL

1. These rules may be called the Madras Cinematograph Rules, 1933

2. (1) These rules except rules 37 and 39 and sub-rules (6) to (11) of rule 45, shall apply throughout the Presidency of Madras.

(2) Rules 37 and 39 and sub-rules (6) to (11) of rule 45 shall apply—
- (a) to all cinema premises in the City of Madras;
- (b) to all cinema premises elsewhere in the Presidency of Madras which come into existence after the date of issue of these rules, and
- (c) to all cinema premises existing on the said date in any mufassal town which is specially notified in this behalf by the Local Government to such extent as may be specified in such notification.

3. In these rules, unless there is anything repugnant in the subject or context—
- (a) 'auditorium' means the portion of the licensed place in which accommodation is provided for the public to view the cinematograph exhibition; and
- (b) 'enclosure' means the portion of the licensed place in which the cinematograph apparatus is erected

4. No person other than a company or association shall be entitled to obtain or hold any licence under the Act unless such person has attained the age of 20 years.

5. If any question arises as to the interpretation of these rules otherwise than in connexion with a prosecution for an offence, the question shall be referred to the Local Government whose decision shall be final

6. These rules, printed in large type, together with the name and address of the licensee affixed thereto, shall be kept during public entertainment always posted in some conspicuous place at the principal entrance at a height of not more than 4 feet from the floor so that all persons entering the licensed premises may be acquainted with them and any breach of these rules should at once be reported to the licensing authority

7. (1) Every cinematograph installation shall be inspected when first erected and thereafter at least once in every year—
- (a) by the licensing authority or an officer deputed by him, and
- (b) by the Electrical Inspector or any officer deputed by him.

The Electrical Inspector or the officer deputed by him shall certify to the licensing authority that the installation fulfils the requirements of these rules.

(2) The licensing authority, the Electrical Inspector or any officer deputed by either in that behalf or any police officer specially deputed to keep order in the premises may, at any time, enter and inspect the premises and plant

8. The licensee shall comply with such of the provisions of the Indian Electricity Act 1910, and of the rules made thereunder as are applicable to the premises. In cases where the notice referred to in section 30 of the said Act has to be given to the District Magistrate or the Commissioner of Police, no licence shall be granted until such notice has been given and the licensing authority has informed the Electrical Inspector of the decision to issue the licence

9. (1) The Electrical Inspector or any officer deputed by him, inspecting an installation under rule 7, shall, if he discovers any defect therein, issue written orders, to the owner or person in charge, for their rectification and prescribe a reasonable time within which such orders should be carried out.

(2) (a) A fee of one hundred rupees shall be charged for the inspection under rule 7 of an installation when first erected and a fee of fifty rupees for each subsequent annual inspection under that rule.

(b) If, in the interval between two such inspections, any further inspection shall, in the opinion of the Electrical Inspector or the officer deputed by him have become necessary owing to the neglect or failure of the owner or person in charge to carry out any written orders of such officer issued under sub-rule (1), within the time prescribed by him, a fee of fifty rupees shall be charged for each further inspection.

Provided that in the case of travelling cinematograph shows, the fee chargeable for any inspection shall be one-half the fee prescribed above.

10. No licence shall be granted under the Act in respect of any building unless—
- (i) such building has a road frontage on the public thoroughfare upon which the site of such building abuts;
- (ii) there are suitable means of entrance and exit for the public in such frontage; and
- (iii) in addition, there are reserved for service in case of emergency, entrances and exits opening on two separate and distinct passages leading either to the said public thoroughfare or to other suitable thoroughfares and such passages are not less than 5 feet in width.

11. Every application to the licensing authority for a licence under section 3 of the Act shall be in writing and shall be accompanied by—
- (i) complete plans, elevations and sections in duplicate of the premises and of all erections or buildings thereon drawn correctly to a scale of one-eighth of an inch to a foot and showing the position of the electrical machinery and cinematograph apparatus; and
- (ii) a block plan in duplicate on a separate sheet showing the position of such premises in relation to any adjacent premises and to the public thoroughfare upon which the site of such premises abuts drawn to a scale of not less than one-fortieth of an inch to a foot

The cardinal points shall be marked on such drawings. All drawings shall be coloured to distinguish the material employed in the construction of buildings and erections.

The width of all staircases and the number of steps in each, the width of corridors, gangways and doorways together with the height of any galleries or tiers in such premises and in any of the erections or buildings in connexion therewith as are more than one tier in height shall be indicated on such drawings, as well as the floor and roof ventilation and the details of any intended gas or electric installation. The thickness of the walls and scantlings of the various materials used shall be clearly shown on such drawings by figured dimensions.

12. In exercise of the powers conferred by sub-section (1) and clause (i) of sub-section (2) of section 303 of the Madras District Municipalities Act, 1920 (Madras Act V of 1920), and in supersession of Local Self-Government Department Notification No. 1446, published on pages 551–552 of Part I-A of the *Fort St. George Gazette*, dated 10th September 1929, the Governor acting with Ministers is hereby pleased to make the following rules relating to the receipts and expenditure of municipal councils:—

RULES.

PART I—RECEIPTS

Fees for licences and permissions.

1. (1) Every licence or permission granted under the Act or any rule or by-law made thereunder shall be issued in such form as may be laid down in that behalf by the Local Government from time to time.

(2) The fee payable in respect of every such licence or permission shall be collected in advance when the application for the licence or permission is presented.

(3) The particulars relating to the collection of the fee and to the grant of such licence or permission shall be entered consecutively in the Register of Licences and Permissions.

(4) Every person to whom such licence or permission is granted shall be furnished with a copy of the conditions subject to which the same is granted.

Income from Endowments and Trusts.

2. The chairman of a municipal council shall maintain or cause to be maintained in the municipal office an up-to-date record of every endowment or trust managed by it. Such record shall show—

(a) the authority under which the management of the endowment or trust was vested in the council,
(b) the assets and sources of income of the endowment or trust, and
(c) the expenditure chargeable to the endowment or trust.

Contributions.

3. The receipt of contributions payable to a municipal council from the Government, other municipal councils, local boards, other local authorities and private persons, shall be watched through the Miscellaneous Demand Register.

Avenue receipts.

4. The receipts from the sale of the produce or usufruct of trees shall be watched by the chairman through the Register of revenue yielding properties and the Miscellaneous Demand Register.

Sale-proceeds of tools and plant, sweepings, old stores and materials.

5. All unserviceable tools and plant, sweepings, stores and materials shall be sold under the orders of the chairman. The receipts from all such sales shall be shown in the Register of Miscellaneous Sales.

Fees from ferries, markets, cart-stands, slaughter-houses and fisheries.

6. (1) Where the right of collecting fees in respect of the use of any ferry, market, cart-stand, slaughter-house or fishery is farmed out by the council, the chairman shall, before the lease-deed is executed on its behalf, place the lease-deed before the council and obtain its sanction to the terms thereof.

(2) The collection of the amounts due from the lessee shall be watched through the Miscellaneous Demand Register.

7. (1) Where any ferry, market, cart-stand, slaughter-house or fishery is managed departmentally, all fees levied in respect of the use thereof shall be collected by means of tickets printed and supplied by the chairman.

(2) The tickets shall be printed in foil and counterfoil in different colours for different rates of fees, the rates being printed in each case. Each kind of ticket shall be bound in books of 100 each and shall bear consecutive machine numbers. Before issue to the collecting officers, they shall be stamped with the common seal of the municipal council in the presence of the chairman or any officer authorized by him in this behalf.

(3) A register in two parts shall be maintained in the municipal office in respect of these tickets.

The first part shall be a stock register, the entries for receipts being attested by the chairman or an officer authorized by him and the entries for issues being attested by the collecting officer concerned.

The second part shall be a personal ledger account for each officer entrusted with the collection of revenue by means of these tickets. It shall be debited with the number and value of each kind of ticket issued to each collecting officer and shall be credited with the amount of his collections paid by him into the municipal office. Remittances shall be made by the collecting officer every day and shall be accompanied by details of the number and value of each kind of ticket issued by him.

(4) Where any ticket book has been completely used, the counterfoils shall be sent to the municipal office for check with actual credits.

(2) A register in such form as may be laid down by the Local Government from time to time shall be maintained in every travellers' bungalow or rest-house under the control of the municipal council and the persons occupying such travellers' bungalow or rest-house shall be required to enter the particulars specified in the register.

The security so taken shall not be repaid to the lessee unless and until he has satisfactorily complied with all the terms of the lease. But the amount of security may be adjusted towards the last instalment due under the lease.

Organization of municipal office

14. The cash and account branches of the municipal office shall be kept distinct from each other and under distinct officers who shall be termed shroff and accountant respectively. In no case shall a person compiling the municipal accounts or any portion thereof collect or receive any moneys due or paid to the municipality.

15. All moneys received by the chairman or under his authority by a municipal officer or servant (including a Government servant whose services have been placed at the disposal of the municipal council) in his capacity as such, shall be brought into account as soon as they are received unless the specific sanction of the Local Government to the contrary has been obtained. All moneys so received shall be paid into the municipal office either daily or on alternate days or weekly, as may be directed by the Local Government, in respect of each class of receipts or if so directed by the Local Government in any case, shall be remitted direct to the credit of the municipality into the Government treasury or the bank in which the municipal fund is lodged.

18. Where the same staff collects different taxes and fees or where the same staff keeps the accounts for different taxes and fees, the total cost of such staff shall be allocated among the funds concerned in proportion to the amount collected under each:

Provided that in the case of the elementary education tax, the proportionate charges on account of collection alone shall be debited to the elementary education fund.

Provided that when the functions of the chairman devolve on the vice-chairman under sub-section (2) of section 18 of the Act, it shall not be necessary for the chairman to send the specimen of the relieving officer's signature or the certificate mentioned in this rule if such specimen has been previously sent to the treasury officer or local official of the bank, as the case may be.

(Form of certificate.)

A B.

Cheque books shall be kept in the personal custody of the drawing officer and when a transfer of charge takes place, a note shall be recorded in the cash book over the signature of both the relieved and the relieving officers showing the number of unused cheques and cheque books made over and received by them respectively.

26 (1) Every person having any claim against the municipal fund shall present a bill at the municipal office. Wherever possible such bill shall

be in the form, if any, provided for the purpose and the claimant shall duly date and sign the same and stamp it where necessary.

(2) Whenever possible printed forms shall be used in preparing bills.

(3) Where a claimant presents a bill in a form different from the form provided for the purpose, a separate bill in the proper form shall be prepared by the officer incurring the expenditure and the claimants' bill shall be attached thereto as a sub-voucher.

(4) Every bill shall be presented to the secretary or manager or if there is no such officer to the chief ministerial officer of the municipality who shall make it over to the accountant. The latter shall enter it in the register of bills and then check and examine the bill as regards its admissibility with reference to sanction or other documents, the propriety of the claim and the arithmetical accuracy. If on such check and examination the bill is found to be correct and in order, it shall be placed before the competent authority for signing the payment order in the bill which shall run as follows:—

Pay by cheque (amount in words and figures) only and debit to (major, minor and detailed heads).

27. Where payments have to be made in cash, cheques shall be drawn in favour of the drawer himself. All such sums shall be noted in a petty cash book maintained by the shroff.

28. (1) Separate acknowledgments (stamped where necessary) shall be taken where disbursements are made in the municipal office in the last column of the bill and in other cases in the Acquittance register from each officer or servant to whom any salary or allowance is paid except where the drawer of the bill is the sole payee and has already furnished a receipt (stamped where necessary) on the bill itself.

(2) Where any officer or servant of a municipal council makes any payment from any sum drawn by him he shall, unless a receipt (stamped where necessary) has been furnished on the bill itself, obtain and attach to the bill a separate receipt (stamped where necessary).

29. Whenever any item of expenditure requires the sanction of any authority higher than the officer or servant drawing the bill, such sanction shall be obtained and the terms thereof shall be quoted on the bill.

30. No item of expenditure shall be sanctioned by a municipal council unless a certificate in the following form has been furnished in respect thereof —

	RS. A. P.
The amount may be met from the budget allotment of	
The amount spent under this head up to date is	
The amount sanctioned up to date but not spent is	
The amount to be sanctioned now is..	
Total ...	
The balance remaining will be ..	

If there is no budget provision under the head concerned and the council decides to find the amount by reappropriation from another head, the words "by reappropriation" shall be added after the word "met".

The certificate shall be entered in the agenda, circulated before the meeting and if accepted by the council, it need not be written again as part of the resolution in the minutes book. If, however, the council makes any alteration either in the amount of expenditure or in the head from which the expenditure is to be met, the certificate as amended shall form part of the resolution of the municipal council and be entered as such in the minutes book.

31. The responsibility for an overpayment shall rest primarily with the drawer of a bill who shall be required to make good the overpayment and failing recovery from him, the overpayment shall be recovered from the countersigning or passing officer only in the event of culpable negligence by either of them.

32. (1) Any defalcation or loss of monies or stamps belonging to a municipal council shall be reported immediately after discovery to the auditor appointed under section 122 of the Act. A further and complete report shall also be submitted to such auditor, as soon as may be, after the matter has been fully enquired into, setting forth the nature and extent of the defalcation or loss, the errors or neglect of rules by which such defalcation or loss was rendered possible, and the prospects of effecting a recovery.

(2) Loss by theft or otherwise of other property belonging to a municipal council shall also be reported to the auditor, if the value of the property exceeds ten rupees.

(3) The submission of the reports prescribed by sub-rules (1) and (2) shall not be deemed to debar the council or the chairman from taking such further action as may be considered necessary.

Establishment bills.

33. Pay bills shall be prepared in such form as may be laid down by the Local Government from time to time. Cheques in payment of establishment bills shall be drawn in favour of the chairman, the medical officer, the headmaster of the secondary school or the principal of the college as the case may be.

34. The monthly pay bill of the establishment of a municipal council shall be supported either by an absentee statement in such form as may be laid down by the Local Government from time to time or by a certificate in the bill that no leave has been granted to any member of the establishment.

35. To the first pay bill in which a periodical increment is drawn, an increment certificate in such form as may be laid down by the Local Government from time to time shall be attached.

36. The pay of an officer or servant lent by the Local Government to a municipal council or transferred to it from any other local body shall be drawn only after the receipt of a last pay certificate, which shall be in such form as may be laid down by the Local Government from time to time, granted by the head of his former office. Such certificate shall be attached to the first pay bill drawn after such loan or transfer.

37. Pay, leave salary, allowances or pension may be drawn for the day of a man's death, the hour at which death takes place does not affect the claim.

38. Payments due to a deceased officer or servant of a municipal council shall not be made except on the production of an authority of the nature specified in clause (i), (ii), (iii), (iv) or (v) of sub-section (1) of section 214 of the Indian Succession Act, 1925.

Provided that payments may be made without the production of such authority—

- (i) to the extent of three hundred rupees under the orders of the chairman or the officer responsible for the payment, if he is satisfied, after such enquiry as he may consider sufficient, about the right and title of the claimant; and
- (ii) above three hundred rupees under the orders of the council on the execution of an indemnity bond with such surety or sureties as it may require, if it is satisfied, after such enquiry as it may consider sufficient, about the right and title of the claimant and considers that undue delay and hardship would be caused by insisting on the production of such authority.

39. The last payment of an employee's pay and allowances or in case he is finally quitting the service of the municipal council at the end of any leave granted to him, the last payment of his leave salary, shall not be made, until it has been ascertained that there are no demands outstanding against him. A certificate to this effect signed by the secretary or manager or if there is no such officer by the chief ministerial officer of the municipality, and countersigned by the chairman shall be attached to the bill in which such pay and allowances or leave salary is claimed.

40. Arrear pay shall be drawn not in the monthly bill but in a separate bill which shall quote the bill from which the charge was omitted or withheld or on which it was refunded by deduction.

41. Pay bills shall be signed by the chief officer in charge of the establishment or institution concerned and shall be passed by the chairman or by some person duly authorized in this behalf by him.

42. Cheques in respect of payments of salary and fixed allowances shall not be issued before the first working day of the month following that to which the payment relates:

Provided that in the event of an officer or servant finally quitting the service of the council or being transferred to the service of another local body or the Government, cheques may be issued on the date of such event:

Provided further that when the first six days of a month are public holidays on which payments are not made at the treasury or bank concerned, cheques may be issued on the last opening day before the holidays.

43. The drawer of a bill for salary and allowances shall be personally responsible for the amount so drawn until it has been disbursed to the proper person or persons and their acquittances (stamped where necessary) have been obtained. If the payee does not present himself within thirty days from the date of the drawal of money, the amount drawn for him shall be refunded by short drawal in the next bill. The amount of salary and allowances drawn shall not, in any circumstances, be placed under deposit.

44. In order to facilitate the check of the monthly bills for recurring charges, such as establishment house-rent and fixed travelling and conveyance allowances, an Audit register shall be maintained in every municipal office.

45. Travelling allowances other than fixed travelling allowances shall be drawn in a separate bill in such form as may be laid down by the Local Government from time to time.

46. Fixed travelling and conveyance allowances shall be drawn in the pay bill of the officer or servant concerned and not on travelling allowance bills. To every bill for conveyance allowance, a certificate shall be attached that the conveyance was actually maintained in good order and used by the officer or servant concerned during the month.

University Office, Waltair,
6th June 1933.

Instructions to Candidates appearing for the Examinations to be held in September 1933.

Candidates for University Examinations are required to observe the following instructions very carefully:—

1. Silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for distributing the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each answer book. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to a paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so, their answers will not be valued and their conduct will be reported to the Syndicate for disciplinary action.*

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, slate, blotting pad, card board, manuscript, or paper of any description and from making use of any of these whether introduced into the room by themselves or by any one else; from communicating with or copying from each other; and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be summarily sent out of the room forthwith, and his conduct will be reported to the Registrar. Such a candidate stands the risk of having all his answer papers for the examination for which he has appeared rejected by the Syndicate and of being debarred from sitting for the University examinations for such period as the Syndicate may decide. The use of stencils at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in the Physical Sciences will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates in Mathematics, Physics, Chemistry and Geography of the Intermediate and B.A. and B.Sc. Degree examinations. Candidates should not bring into the examination hall their own copies.

9. Candidates should, if required, submit their laboratory note-books to the examiners concerned on the first day of the practical examination in group (ii-A) Physics and Chemistry and group (ii-B) Physics of the B.A. Degree examination (Transitory Regulations) and Chemistry (subsidiary) of the B.Sc. Degree examination. Candidates must submit their laboratory note-books in B.A. group (ii-B) Chemistry and Physics (Main and subsidiary) and Chemistry (Main) of the B.Sc. Degree examination to the examiners at the practical examinations. Each of the candidates taking Botany as the main subject for B.A. or B.Sc. Degree examination should submit at the practical examination his laboratory note-book and a collection of the named plants collected and preserved by himself. Candidates for B.Sc. Botany (Main) should also submit their records of field work. The candidates should get back the laboratory note-books at the close of the examination.

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must however, use only black ink while answering their question papers.

11. Particular attention is requested to the instructions, regarding rough working and loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Papers must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

12. When candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each should stand up in his place and remain standing until one of the superintendents has gone up to him and has received his answer book from him.

13. Candidates sitting for the examinations at the different centres should apply to the Chief Superintendent of the respective centre for their hall tickets three days before the commencement of the respective examinations. *Any particulars noted in the hall ticket differing from those given in the application for the examination should be immediately reported to the Chief Superintendent by the concerned candidate.*

14. *No college student will be allowed to select a centre for his examination other than that in which the college he studies is situated, except for satisfactory reasons and on the recommendation of the Principal of his college.*

Under S.O. 41 of the Standing Orders of the Madras Legislative Council, the following Report of the Select Committee on the Bill to facilitate the working of Co-operative Land Mortgage Banks in the Presidency of Madras (Bill No. 5 of 1933), together with the Bill as amended by the Select Committee is published :—

BILL No. 5 OF 1933.

A Bill to facilitate the working of Co-operative Land Mortgage Banks in the Presidency of Madras.

To

THE HONOURABLE THE LEGISLATIVE COUNCIL
OF THE GOVERNOR OF MADRAS.

WE, the members of the Select Committee appointed on the 24th February 1933 to consider the Bill to facilitate the working of co-operative land mortgage banks in the Presidency of Madras, have the honour to make the following report

2. The Bill was published in the *Fort St. George Gazette* in English on the 7th February 1933 and in Tamil, Telugu, Kanarese and Hindustani on the 21st March 1933.

3. We met on the 24th March 1933 at the Legislative Council Chambers, Fort St. George, for determining our programme, and on the 8th, 9th and 10th May 1933 at Stonehouse Hill, the Nilgiris, for the consideration of the Bill. On the 12th May 1933, we met at Stonehouse Hill, to pass our report.

4. We have subjected the provisions of the Bill to a close and careful scrutiny and have made numerous changes therein. The more important of them are referred to below.

5. (i) *Clause* 3 —We have deleted from this clause the definition of the word 'Court' and provided for it in a note under clause 17 which is the only section where this word is used with a special meaning which requires definition.

(ii) *Clause* 4.—The clause as originally worded in the Bill might be interpreted to mean that, unless some debentures which were irredeemable for a period not exceeding ten years had first been issued, the Board had no power to issue debentures redeemable at any time after three months' notice. The intention of the Bill, however, is that the Board should have the liberty to issue either debentures which may be irredeemable for a definite period not exceeding ten years or debentures which can be redeemed at any time after three months' notice, as it may suit its convenience. The clause has therefore been re-cast so as to bring out this intention clearly.

(iii) *Clause* 5.—This clause refers to the appointment and powers of the trustee. It was pointed out that under the existing by-laws of the Central Mortgage Bank, the power of appointing the trustee was vested in the Board. In view, however, of our recommendation in clause 6 that the Government should guarantee the principal and interest on the debentures, we consider that there should be no change in the provision in this clause that the Government should have the power of appointing the trustee. The Bill as introduced makes no reference to the trust deed between the trustee and the Board by which the powers and functions of the trustee are governed and we have added a sentence providing that the powers and functions of the trustee shall be governed by the said instrument of trust as modified from time to time by mutual agreement between the trustee and the Board.

(iv) *Clause* 6—This clause as introduced left it open to the Local Government to guarantee the interest payable on all or any of the debentures issued under section 4 for such period and on such conditions as may be determined by them with the approval of the Legislative Council. We consider that the restrictions contained in this clause should be removed and that the guarantee should extend both to the interest and to the principal payable upon the debentures. Our attention has been drawn to the fact that, according to the by laws of the Bank which is registered under the Madras Co-operative Societies Act, 1932, the trustee and a nominee of the Government are members of the Board. The trustee is himself either the Registrar or a person appointed by the Local Government. If the Bank is to fulfil its purpose, the debentures issued by it must, as pointed out by the Townsend Committee, the Royal Commission on Agriculture and the Central Banking Enquiry Committee, be easily negotiable and for this purpose we consider it essential that they should be recognized as suitable investments for trust funds under section 20 of the Indian Trusts Act, 1882. To facilitate the undertaking of legislation by the Government of India, whereby the debentures of this Bank may be made trustee securities, we are of opinion that the Local Government should guarantee the principal payable upon the debentures issued under section 4 in addition to the interest which they have already guaranteed. It is understood that the Government of India have suggested that if the principal is also guaranteed, they would have no objection to undertake the necessary legislation for the amendment of the Indian Trusts Act, 1882, in this respect. The Committee have therefore provided that the Local Government shall guarantee the principal and interest payable upon the debentures issued under section 4, and recommend that the Local Government be pleased to accept this provision.

(v) *Clause* 7.—To avoid confusion between the by-laws of the Madras Co-operative Societies Act, 1932, and the by-laws made under this clause we have resolved to call the latter " subsidiary by-laws."

CHAPTER III.

(vi) This chapter as originally drafted contained wide provisions for the distraint and sale of movable property in cases where a mortgagor failed to pay his annual instalment. The right of distraint has been found to be necessary in the working of land mortgage banks in Europe and America and is necessary for the successful working of the mortgage banks in this Province. It has, however, been pointed out that it is not necessary to empower the mortgage banks to distrain all kinds of movable property of the borrower and that if such a wide power be given, the credit of the mortgagor may be unnecessarily affected. We have therefore restricted the distraining power of the mortgage bank to the produce of the mortgaged land including the standing crops thereon and by excluding other movable properties from liability to such distraint. We have accordingly changed the heading of the chapter from ' Distraint and sale of property ' into ' Distraint and sale of produce ' and made necessary changes in clause 8.

(vii) *Clause* 11.—This clause provides for the making of rules by the Registrar to regulate various details regarding the sale of distrained property. We have vested the power of rule making in the Local Government instead of in the Registrar.

CHAPTER IV.

(viii) *Clause* 12.—This clause has been drafted on the lines of section 69 of the Transfer of Property Act, 1882, which relates to the sale of mortgaged property without the intervention of a court. We consider it desirable, however, to mention in subclause (*a*) that notice should be sent to all the persons who, under section 91 of the Transfer of Property

Act, are entitled to redeem the mortgage We have accordingly specified those persons in sub-clause (*a*). In sub-clause (*b*) we have added the words, 'after hearing the objections, if any, of the mortgagor or mortgagors' thereby making it obligatory upon the Board to hear such objections before authorizing the exercise of the power of sale conferred by this chapter.

(ix) *Clause* 14 —We think that for the convenience of all parties concerned, the application to set aside a sale under this chapter on deposit of the mortgage amount and five per cent of the purchase money, should be made to the Governing Body of the Primary Mortgage Bank and that the Governing Body should have power to set aside the sale on such deposit. Where, however, the sale has to be confirmed, it is desirable that the previous approval of the Board should be obtained. We have made necessary alterations to carry out the abovementioned objects.

(x) *Clause* 15.—This clause refers to the distribution of sale proceeds. We have thought it desirable to alter its wording so as to bring it into accordance with the language of the corresponding provision in the Code of Civil Procedure, 1908, viz., Order 34, rule 13.

(xi) *Clause* 17.—We have made it clear that where the land is in the possession of a person having a valid lease in his favour under clause 23, he is entitled to continue to be in custody of the land. As already stated, we have added an explanation to define the word 'court' occurring in this clause.

(xii) *Clause* 19 —This clause provides for the appointment of a receiver and has been drafted on the same lines as section 69-A of the Transfer of Property Act. We have added two sub-clauses making provision for the removal of a receiver and for the filling up of a vacancy in the office of the receiver, respectively. We have also added a third provision whereby in cases where a receiver appointed by a civil court is already in possession, a receiver cannot be appointed under this clause

(xiii) *Clause* 21 —As in clause 11 so in this clause, we have vested the power of making rules regarding the sales under this chapter in the Local Government instead of in the Registrar.

(xiv) *Clause* 23.—This clause refers to the mortgagor's power to lease out the mortgaged property after the execution of a mortgage in favour of a mortgage bank. We have provided that such a lease may extend up to five years instead of up to three years as in the clause originally introduced.

(xv) *Clause* 29.—We consider that the transactions of the mortgage banks, providing as they do long term credit, should not be liable to be questioned in civil courts by minors or reversioners. In most of the transactions, minors have some concern, and in several, reversioners are interested in the property. We feel that the work of the banks will be greatly hampered unless legislative protection is given in some way or other. But it was pointed out to us that the Bill as drafted was open to the objection that the minors and reversioners would be entirely deprived of all opportunity of showing the true nature of the transaction. We have therefore considered that the best solution of this important problem lies in the shifting of the burden of proof from the mortgagee on the one hand, to the minor or the reversioner on the other. Under the existing procedure the Mortgage Bank is bound to make very exhaustive and careful enquiry about the necessity for the loans when such loans are granted to guardians of minors or to limited owners, and the enacting of such a provision will cause no hardship. We have made the necessary amendments in clause 29 accordingly. We also think that a provision should be made by which the borrowing of a loan for the purpose of carrying out agricultural improvements or of purchasing lands should be treated as a legitimate purpose binding both on a minor and on a reversioner. And we have added an explanation to clause 29 to give effect to this view.

6. We have introduced a new provision whereby the debentures issued before the commencement of this Act by the Board shall be deemed to have been issued under clause 4 of this Bill and the guarantee of interest already given by the Government shall

be deemed to have been given under this Act. We have also introduced a clause by which the provisions of Chapters III and IV, those relating to the distraint of produce and to the power of sale, shall apply to loans advanced by primary mortgage banks from their own funds. We have also added a new clause enacting that whenever a notice in writing is required to be given under this Act such notice shall be sent by registered post.

7. We have made various other changes in the Bill of a less important character but do not consider it necessary to refer them here. They are shown in the copy of the Bill as amended by us which is annexed.

8. We consider that the Bill as amended should be republished.

MINUTE OF DISSENT.

There are two important matters in which I differ from the majority of the members of the Select Committee.

The Government guarantee should, I agree, cover both principal and interest. But I do not think we can ask the Government to altogether surrender their right to consider their position and that of the Central Land Mortgage Bank from time to time. The present arrangement of fixing the maximum limit up to which they guarantee seems to me to be satisfactory. This will satisfy the requirement of the Government of India if this Government agrees with our proposal to guarantee principal as well as interest. To the extent the guarantee covers both principal and interest, the debentures can be made trustee securities. The Government cannot, without considering their own financial position and the working of the Central Land Mortgage Bank from time to time, allow an extraneous body like the Board of management of the Central Land Mortgage Bank and the Trustee to issue debentures and pledge the credit of the Government. I also consider it advisable and advantageous that the matter of giving guarantee comes before the Council periodically. Then the Council can discuss the working of the Land Mortgage Banks and offer suggestions for their better working. There will be no difficulty in getting the guarantee sanctioned by the Council if the Government of the day is satisfied about the need and advisability of it, while the opinions of the people as expressed in the Council will help to keep the working of the banks at an efficient level.

I do not also agree that the remedy of distraint of the movable property of the mortgagor should be given to the banks in addition to the other special facilities provided for in the Bill. The clause as originally framed would have put the mortgagor completely at the mercy of the Land Mortgage Banks. The amendment made in the Select Committee has to a large extent restricted the power of distraint. Even so I consider it objectionable. The ryot borrows for the cultivation of his lands, the maintenance of his family and the payment of kist, etc. He has to pay out of his produce for all these in addition to paying the instalment due on the mortgage debt. If the produce can be distrained for the mortgage debt, his borrowings for other purposes will be affected and his credit will materially suffer.

The ryot may also have agreed to sell the produce to merchants or co-operative societies without creating any charge in their favour for the advances he might have received. I agree that the sale of the mortgaged property should not be the first or the only relief the bank should resort to. But there are other remedies like the appointment of a receiver which can be resorted to. It may be argued that the clause as amended by the Select Committee subjects only the produce of the property mortgaged to distraint by the mortgage bank. The mortgagor will in most cases have no other property. The produce on the land might have been raised with money borrowed from a rural co-operative society, a village landlord or a moneylender or a merchant. It will be very unjust if the Land Mortgage Bank should have priority over the others who have no security for their debts while the Land Mortgage Bank has the land as security for its debt The position of the mortgagor will become very difficult as he will not be able to borrow money for cultivation and other expenses once he mortgages his land to the mortgage bank. It should also be borne in mind that the Land Mortgage Bank does not serve as the ryot's general bank and does not finance for his short term needs. I would therefore delete the chapter relating to distraint of movable property.

In the Bill as originally drafted, it was the Central Bank which was given all powers and all facilities. This has been amended to a certain extent in the Select Committee. While I am conscious that the primary banks are constituted on the limited liability basis and their owned capital bears a very small proportion to their borrowings from the Central Bank and also that the governing bodies of many of the primary banks may become inefficient, I think a little more responsibility may be given to them, with the power to the Central Bank to intervene in cases of default or wrong-doing on the part of the primary banks.

Distraint and Sale of Produce.

Distraint.

8. If any instalment payable under a mortgage executed in favour of a mortgage bank or any part of such instalment has remained unpaid for more than one month from the date on which it fell due, any person authorized by the governing body of such bank may, notwithstanding anything contained in the Transfer of Property Act, 1882, and in addition to any other remedy available to the bank, distrain the produce of the mortgaged land including the standing crops thereon: IV of 1882

Provided that no distraint shall be made after the expiry of twelve months from the date on which the instalment fell due.

Distraint how to be effected.

9. (1) Before or at the time when a distraint is made under section 8, the distrainer shall serve or cause to be served upon the defaulter a written demand specifying the amount for which the distraint is made.

(2) The demand shall be dated and signed by the distrainer and shall be served upon the defaulter by delivering a copy to him or to some adult member of his family at his usual place of abode or to his authorized agent, or when such service cannot be effected, by affixing a copy of the demand on some conspicuous part of his abode and on his land.

Sale of property distrained.

10. (1) If, within fifteen days from the date of service of the notice referred to in section 9, the defaulter does not pay the amount for which the distraint was effected, the distrainer may apply to the sale officer for the sale in auction of the distrained property or such part thereof as may be necessary to satisfy the demand together with the expenses of the distraint and the costs of the sale. If no such application is made within three weeks from the date of expiry of the said period of fifteen days, the distraint on the property shall cease to be in force.

(2) The sale officer shall, subject to the rules made under section 11, proceed to sell the property or such part thereof as may be necessary. From the proceeds of such sale, the sale officer shall make a deduction, at a rate not exceeding one anna in the rupee, on account of the costs of the sale and shall remit the amount so deducted to such officer as may be appointed by the Registrar in this behalf by general or special order. He shall then pay to the distrainer the expenses incurred by him on account of the distraint and other expenses incidental to the proclamation of the sale. The remainder, if any, shall be applied to the discharge of the amount for which the distraint was made. The surplus, if any, shall be delivered to the person whose property has been sold and he shall receive from the sale officer a receipt for the amount discharged from the proceeds of the sale.

Registrar's power to make rules. **11.** (1) The Registrar may appoint sale officers for the purpose of conducting sales under this Chapter.

(2) The Local Government may make rules not inconsistent with this Chapter—

(v) generally for the purpose of carrying out the provisions of this Chapter.

Chapter IV.

Power of sale.

Sale of mortgaged property. **12.** Notwithstanding anything contained in the Transfer of Property Act, 1882, and whether a power of sale without the intervention of the court is expressly conferred on the mortgage bank by the mortgage deed or not, the governing body of such bank or any person authorized by such body in this behalf shall have power, in addition to any other remedy available to the Bank in default of payment of the mortgage money or any part thereof, to bring the mortgaged property to sale without the intervention of the court. No such power shall be exercised unless and until—

(a) notice in writing requiring payment of the mortgage money or any part thereof has been served upon—

(i) the mortgagor or mortgagors;

(ii) any person who has any interest in or charge upon the property mortgaged or in or upon the right to redeem the same;

(iii) any surety for the payment of the mortgage debt or any part thereof; and

(iv) any creditor of the mortgagor who has in a suit for the administration of his estate obtained a decree for sale of the mortgaged property; and default has been made in payment thereof for three months after such service; and

(*b*) the Board has previously authorized the exercise of the power conferred by this section after hearing the objections, if any, of the mortgagor or the mortgagors.

Application for the sale of the mortgaged property.

13. In exercise of the power of sale conferred by section 12 the governing body of a mortgage bank or any person duly authorized by such body in this behalf may apply to the sale officer to sell the mortgaged property or any part thereof and such officer shall sell such property in the manner prescribed. (a) Price of rice boiled which is consumed by the bulk of the population. The figures in previous weeks related to the average price of rice both boiled and raw.

NOTE.—The prices are the averages for each district of the retail prices at the several price-recording stations recorded either at the market on market day or if there is no market, on Friday at the busiest shop in the station. The prices relate to the kind of rice (or other grains) most commonly consumed, paid by the person who is buying it for consumption.
